RE: TANF Informational Lunch meeting on January 13, 2008

Please join me for an informational discussion regarding DPHHS/TANF budget and programs. These programs and budgets are complex, and this type of practical discussion will be beneficial in our work this session.

This meeting will take place at the Capitol in Room 350 at noon on January 13th and lunch is provided. We will hear presentations from invited guests who work on TANF.

Please let me know if you have questions.
